Optional Additional Motor Services

Fuel System & Internal Fuel Filter Servicing

Perform this advanced service before you get stuck in the summer

Estimated Time 3 to 6 hours

Estimated Parts \$400

Service includes: Replace VST Canister Filter in motor, replace upper filters, replace "element filter". Replace oil tank filter (if needed). Service any fuel items needed after visual inspection. Check fuel in tank and drain contamination if necessary.

Cooling System Update/Tune-Up

Recommended every 3 years under normal use.

Estimated Time 3 to 6 hours

Estimated Parts \$150

Service includes: Remove and check lower unit/gearcase. Replace water pump and impeller, Replace thermostats and gaskets. Due to corrosion and saltwater damage, this service will take 2 to 6 hours to complete.
