#### Fall Motor Services

**Annual Outboard Service:** including winterization and tune-up in one visit. This should be all of the service your outboard needs on an annual basis. Estimated \$125 Parts Additional.

	\$300	150--300 hp	Service includes: Add fuel conditioners & stabilizers, Fresh water flush, Check overall condition, power tune motor, Fog out with rust preventative, Change gear oil, change crankcase oil/filter, Check prop, grease propshaft, Replace spark plugs, replace zinc anodes, replace fuel filters, Grease all serviceable points, Coat motor with rust preventative.
	\$250	90--140 hp	
	\$200	30--88hp	
	\$150	2--20 hp	

#### Cooling System Update/Tune-Up

*Recommended every 3 years under normal use.*

Estimated Time 2 to 6 hours

Estimated Parts \$150

Service includes: Remove and check lower unit/gearcase, Replace water pump and impeller, Replace thermostats and gaskets. Due to corrosion and saltwater damage, this service will take 2 to 6 hours to complete.

#### Fuel Filter Upgrade/Installation

*There have been many fuel problems lately. Protect your boat from this major problem.*

*Racor Water-Separating Fuel Filters have decreased the significance of these issues.*

Estimated Time 1 to 3 hours

Racor Complete Assembly: \$92

Service includes: Install Racor Water Separating Fuel Filter, check gas in tank, pump out any bad/dirty gas, check complete fuel system

#### Ten Hour Service

*The first manufacturer recommended service. After approximately 10 hours of use.*

\$125 per motor

Estimated parts \$100

Haul/Launch additional

Service includes: Check and change gear oil & crankcase oil, check other fluids, grease serviceable points, check/change spark plugs, check/adjust linkage, Torque cylinder heads, visual and operational check of motor. As recommended by manufacturer
