Additional motor services

Please call or email to request and discuss these and/or other additional services

Internal Fuel Filter Service (Estimated costs)

Yamaha recommends this service every 2-3 years under normal use

Four-Stroke (2.5 hr/\$130 parts)

Basic Service includes: Replace internal element and additional filters if equipped, replace VST filter and clean VST tank, replace lift pumps if equipped.

Two-stroke EFI/HPDI (1.5 hr/\$300 parts)

Examine fuel condition and filters to see if injector service is needed or fuel system in boat needs service

Cooling system Service (Estimated costs)

Yamaha recommends this service every 2-3 years under normal use

Most motors (2.5 hr/\$130 parts)

Service includes: Remove and check lower unit/gearcase, Replace impeller, Replace thermostats and gaskets, replace poppet valve if equipped, replace internal zinc anodes. Due to corrosion and saltwater damage, this service can take additional time.
